3:00 p.m.	PRESCHOOL DAY ENDS				
3:15-5:45 p.m.	AFTER CARE Play-based learning				

Play Based Learning Time: We believe that children learn through play and through activities they are excited about. During this time, children will have the opportunity to choose among different activities such as dramatic play, cooking, outside time, building, movement, or science. Teachers are continually observing our children at play and guiding their play so that children are able to learn skills in a concrete and meaningful way. Our long periods of play based learning times allow children the time to persist with skills, come back to skills, and enjoy their mastery at skills!

Walking Field Trips: Field trips occur every Wednesday and is one way we get our children out and about in the community.

Morning Star: We walk to our local assisted living center to spend time with the residents there.

Lunch: Lunch is served at 11:15am. We eat together inside, children pour their own milk and water. Our lunch is prepared by our chef in house.

Snacks: We serve 2 snacks per day.

Cooking: We incorporate many cooking projects into our activities at Bixby. Cooking projects take place during group times, and open ended play time. The children learn about different foods and how to cook them.
